Siebert, Theodore Peterson and Wilbur Schramm-brought out their Four Theories of the Press which went a long way in establishing a typology in the minds of journalism educators and students.

What are the The Four Theories of the Press?

Of the four theories of the relation of the press to society or to government, the authoritarian has been most pervasive both historically and geographically. It is the theory which was almost automatically adopted by most countries when society and technology became sufficiently developed to produce what today we call the "mass media" of communication. It furnishes the basis for the press ...

Four Theories of the Press: The Authoritarian, Libertarian ...

Siebert, Peterson, and Schramm's Four Theories of the Press has been a powerful influence on scholarship on comparative press systems and normative press theories in the years since its publication in 1956. Its appeal comes from the way it combined a history of Western development with a normative schema that is simple and teachable.

Four Theories of the Press - Oxford Research Encyclopedia ...

Four Theories of the Press is based on the thesis that "the press always takes on the form and coloration of the social and political structures within which it operates. Especially, it reflects the system of social control whereby the relations of individuals and institutions are adjusted."
