The truly smart person will just go buy the one Honda engine and run it for years. Others will buy a clone, then another, then another. Every interaction I have with these copy motors is a pain. Honda are the best small engine, in fact, almost the only small engine. Every other manufacturer makes muck that will die if it gets any hard work.

engine is an all-aluminium engine which isn't easily rebuildable unfortunately. I'd like to replace it with a good engine so I'm searching around. It's a pity B&S don't make small all-iron engines anymore. So far it looks like the Honda is probably a good bet. I actually found some pictures of a Ransomes Marquis fitted with a Honda
