At work, and in other spheres of life, how well you relate with others affects your ability to get things done. What you may not realize is that all people exhibit one of several different behavioral "styles," which determine how they think, make decisions, communicate, manage time and stress, and deal with conflict.

*People Styles at Work...And Beyond: Making Bad ...*

Many of us have taken personality tests, such as Myers-Briggs, for the workplace. People Styles takes a different angle on the concept. Rather than worry too much about what makes you tick, the focus is on how you communicate with other people. The authors boil communications styles to four basic types: Drivers, Analytics, Emotives, and Amiables.

*People Styles at Work: Making Bad Relationships Good ...*

"With so much diversity in the workplace, it's no wonder people problems abound. Yet it is possible to overcome personality conflicts by understanding other people's differences instead of merely reacting to them emotionally. A sequel to Social Style, Management Style, this book presents a comprehensive behavioral science model for understanding four different ""people styles.""

Assertive people are more energetic and quick to action than less assertive people. Responsiveness is the degree to which people are seen as showing emotions or demonstrating sensitivity. Responsive people express feelings more openly, enjoy working with people, and are concerned about the human aspect of issues.

*Want to Be More Productive at Work? Know Your People Style*

People Styles at Work... and beyond This approach to understanding people is distinguished from many others in that it focuses on behaviour rather than personality. Behaviour is what a person does. When using this model, you concentrate on what you see with your own eyes and hear with your own ears.

*People Styles at Work and beyond - Home | Advance HE*

People Styles at Work . . . and Beyond does this by offering a self-assessment to determine which style you are and then uses that information to teach readers how to: recognize how they come across to other coworkers; read others' body language and behavior to identify the best ways to work with them; make small adjustments that will dramatically increase the quality and productivity of their interactions; find common ground with different people while retaining their individuality; relate ...
