Unanswered

Threats:

Political

Constraints On

The Balance ...

Schweller

complements this

Access Free

Randall

Schweller with a theory of foreign policy that can explain state strategies and variations in national responses to similar systemic pressures. Thus, Unanswered Threats examines how the internal structures of

Access Free

Randall

Schweller affect

policy

responses.

Schweller drops

the neorealist

assumption that

all states have

the same

extractive

capacity and

instead explores

the question of

why some states

are better than

"Unanswered
Threats" is an
ambitious
undertaking to
explain the
apparent lack of
balancing
behavior on the
part of European
powers at
numerous points
in history. The
book is firmly
planted in the

Access Free

Randall

domain of
international
relations theory
literature, and
works from a
neoclassical
realist
perspective.
